CASES BEFORE WILCOX

PROFANITY AS WAGED AMONG
THE PORTUGUESE.

Smith Number One and Smith Number Two Who Would Not Prosecute His Namesake.

Mary Nauch, a Portuguese woman, was before Police Judge Wilcox on a charge of profanity. Mrs. Marie Saldeyna of Punchbowl street was the complaining witness. She testified that she had been seated on her lanai with her baby and the defendant passed. The witness was laughing and playing with the baby when suddenly Mary turned and declared that Mrs. Saldeyna was laughing at her.

Mary proved to be quite contrary too for when Mrs. Saldeyna denied the impeachment the latter proceeded to "roast" her. She declared that the married woman was "a dirty old stinker." According to witnesses the defendant applied even worse epithets to the other woman. Mrs. Saldeyna was so overcome that she ran into her house and cried.

Several witnesses corroborate the testimony of Mrs. Saldeyna. One of them was a voluble Portuguese woman and it required all of Judge Wilcox's well known sagacity and ingenuity to choke her off and prevent her from rattling along with all the gossip of Portuguese town. The defendant was fined \$5 and costs.

Nalhe, a native, was charged with the theft of \$44.50 from a native woman named Mealli. From the evidence the woman carried her money underneath her clothes but this did not appear to make any difference to the defendant who proceeded to raise the obstruction and possess himself of the money. He waived preliminary examination and was held for trial in the circuit court.

Deputy Sheriff Chillingworth last night and today pleaded guilty of having opium in his possession and was fined \$50.

F. Smith was before Judge Wilcox today to answer to a charge of assault and battery upon E. Smith. Smith number one struck Smith number two in the mouth. The cause of the attack was not brought out. It might have been that the defendant resented the presence of so many people bearing his name and undertook to silence one of them. The man who was attacked said that he wanted to withdraw the charge.

Judge Wilcox observed that the man appeared to have experienced a change of heart as the church people would express it. Yesterday he was anxious to prosecute the case and today he felt in a more christianlike spirit. It was finally decided to allow the prosecution to drop so Smith number one left the court a free and untried man.

There were a number of assault and battery cases in addition and the court continued them until the afternoon.

SUGAR FOR THE COAST.

The bark Olympic will sail tomorrow for San Francisco with sugar. The bark Amy Turner came in today from Hilo with a cargo of sugar en route to the Coast. The usual desultory shipments will continue until the "sugar fleet" begins to clear by the first of the year, and the bulk of the sugar production will be taken.

PLAGUE IN OSAKA.

YOKOHAMA, September 28.—Another case of plague is reported from Osaka. Mrs. Shioda, wife of Dr. Shioda, Quarantine officer of Osaka Fu, was taken ill on Sunday and later was certified to be suffering from plague. She was removed to the Momoyama Hospital immediately. Dr. Shioda has been engaged in post-mortem examinations in the plague-infected district, and it is supposed the plague germs were conveyed in his clothing. The doctor and thirteen members of his family have been isolated.

HER MOTHER'S GIRL.

A bright, handsome girl on the borderland between childhood and womanhood, is at once a source of pride and anxiety to her mother. But she has grown fast and is still growing. Nature makes stern demands upon the slender body. The skin is dull, the eyes lustreless, the cheeks and neck are sunken, the appetite is capricious, and the movements languid. The trouble is impurity of the blood. It needs the life-giving elements from which alone the body derives its vigor and health.

WAMPOLE'S PREPARATION.

of the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry, has saved many such girls. It contains all the flesh-forming and strengthening qualities of the oil without its loathsome taste. Taken before meals it creates an appetite, stops the emaciating process, puts flesh on the thin and bony body, and ruddy cheeks soon tell the story of pure blood, good digestion and recovered health. It is a scientific modern combination of the best of curatives made palatable as honey. Taken in time it prevents consumption; taken in time it cures. "Dr. J. L. Carrick says: I have had remarkable success with it in the treatment of Consumption, Chronic Bronchitis, Catarrh and Scrofulous Affections, and consider it a marvelous success in medicine." It is food and medicine combined. To give it a trial is to believe in it always thereafter. Genuine only is effective from the first dose. "You cannot be disappointed in it." Sold by all chemists.
